

Internship Coordinator

FF06 HR, recruitment and L and D · ISCO-08 2423 · CBS 0415 Human Resources and Career Development Specialists · seniority medior · Also known as: Internship Programme Coordinator

Recruits placements and interns, matches them with mentors in the organisation and monitors the quality and progress of internships throughout their duration.

The internship coordinator maintains contact with schools and colleges and ensures interns get a suitable placement and guidance within the organisation. Unlike a recruiter for permanent roles, this is a temporary, learning focused relationship in which the organisation also carries a responsibility as trainer. Selection often looks at affinity with young people, while stepping in in time when a mentor neglects an intern alongside their own work determines in practice whether an internship ends well.

6 Assessment methods and validity

The validities are the corrected meta-analytic estimates from Sackett, Zhang, Berry and Lievens (2022) in the Journal of Applied Psychology, which replace the older Schmidt and Hunter (1998) figures. The spread matters as much as the mean: with a high SD, validity varies strongly by context.

8 How to use this profile

1. Agree the profile with the hiring manager before the first candidate is measured. Weights shifted afterwards make the outcome indefensible.
2. Choose the assessment method per skill from the Assessment method column. Combine at most three methods per candidate.
3. Calibrate the assessors in a two-hour session using the anchors in chapter 5. Anchors without rater training deliver little.
4. Fill in the match calculator and discuss the gaps in the development conversation. Type A and type G are selection criteria, not one-quarter development goals.
